

THE ADVANCED COMBAT MEDICAL POUCH FOR OPERATORS

a.k.a. "Blow-Out Kit" or "IFAK"

Our Advanced Combat Medical Pouch contains the following supplies in a black zippered pouch:

- Combat Application Tourniquet (CAT)
- QuikClot ACS+ 100g Mesh Bag
- Nasopharyngeal Airway (NPA)
- Oropharyngeal Airway (OPA)
- Hyfin Chest Seal
- 14g, 3.25" Needle with Catheter for Chest Decompression
- Vacuum Packed Roller Gauze (Kerlix type)
- OB Tampon
- Deluxe Emergency Trauma Bandage
- 2 Triangular Bandages
- Combat Pill Container (empty)
- EMT Trauma Shears
- Pair of Black Nitrile Surgical Gloves
- Role of Surgical Tape

Tactical Medics International is pleased to offer "Blow-Out kits" or "Individual First Aid Kits". Widely used by military and civilian tactical operators, these kits contain the immediate life-saving materials for self-aid and buddy-aid in the absence of a tactical medic. These kits fit easily into vest pouches or BDU pockets, or can be worn on a duty belt.

Kits can be custom ordered with less-expensive, or additional supplies. Pouches are available in a variety of colors, and can be upgraded to Molle system attachment, or come as a "Rapid Deployment" shoulder bag. This Advanced Pouch costs \$145.00 + S&H.

Training on how to utilize the contents of the kit is **Strongly Recommended** and provided by TMI for a discounted fee.

For more information on ordering the Combat Medical Pouch or to scheduling training, please contact TMI or visit our website.
